& MCHENRY COUNTY WIRELESS ASSOCIATION
PRESENT

FIELD DAY

Saturday, June 27

at Rush Creek Conservation Area in Harvard

YOUR GATEWAY
to the
FUTURE

Join us for fun,
education & conversation.

AMATEUR RADIO
FD★26
A NATIONAL RESOURCE

Connect with local 'on the air' radio amateurs as they participate in the annual ARRL Field Day Competition, earning points as they try to contact as many stations as possible in a 24-hour period.

Learn more about "Ham" Radio and how Amateur Radio provides exciting paths for science and technology education (STEM).

Field Day is ham radio's open house. Every June, more than 31,000 hams throughout North America set up temporary transmitting stations in public places to demonstrate ham radio's science, skill and service to our communities and our nation. It combines public service, emergency preparedness, community outreach, and technical skills all in a single event. Field Day has been an annual event since 1933, and remains the most popular event in ham radio. -www.arrl.org-
